SPRING / SUMMER LOOKBOOK 2023

Antler®

A photograph of a skateboarder, Tony Hawk, performing a trick on a large, reddish-brown wooden ramp. He is wearing a striped t-shirt, dark pants, and a headband. His skateboard is tilted vertically against the ramp. The scene is brightly lit, casting a long shadow of the skateboarder onto the ramp. In the background, a metal railing and a clear blue sky are visible.

"You might not make it to the top,
but if you are doing
what you love,
there is much more happiness there
than being rich or famous."

- Tony Hawk

WE ARE THE ORIGINAL ANTLER BRAND

We chose to call our California brand ANTLER because of our fondness for the beautiful & magical Great Deer. In many cultures, the Great Deer is a symbol of majestic spirituality & authority of the forests of the world. During a Deer's life the Antlers fall off and will grow again, a symbol of regeneration. In folklore, the Great Deer is a symbol of piety, devotion and a way of Mother Nature taking care of her children. Deer symbolism & meanings include tuned instincts, intuition, speed, agility, grace & sheer gentleness. The Great Deer are known all over the world because they live on every continent except Antarctica. In fact, Great Deer have important spiritual meanings for many humans. And the Deer Spirit Animal is an important guide for those who feel a special kinship with these graceful animals.

Antler was created on the streets of California for our love of surfing, skateboarding & snowboarding culture, street style, art & music.
